WP6. MAMA WWW
Technical Meeting
Brest, 21-22 May 2002

A Website for the Project

Aldo Drago

IOI-MOC – Univ. of Malta

aldo.drago@um.edu.mt

Main aims of the MAMA project (1)

- **Assess current situation on the ocean/coastal monitoring and forecasting capabilities in the Mediterranean**

- **Build the MedGOOS network**

- **Improve capacities and share experiences**

- **Design the initial observinf and forecasting system for the region**

- **Awareness on the benefits of MedGOOS**

Main aims of the MAMA project (2)

- Prototype of an ocean virtual centre

- Link to end users through demonstration products

- Commitments meeting

Main aims of the MAMA WWW (1)

Window and showcase to outsiders

- Project presentation and update

- Public reports

- Announcements

- Databases

- Demonstration products

- Link to other relevant projects

Main aims of the MAMA WWW (2)

Backbone of the MAMA network

- Link between partners

- Partner pages

- Regional WWW

Tool for project implementation

- WP sections

- Discussion fora

Links to MAMA WPs (1)

WP1 NOW

- Posting of the questionnaire

- Questionnaire assessments

- Hosting of the inventory database

WP2 OBS

- WP fora on dedicated themes related to the design of the observing system

- Exchange experiences and practices

Links to MAMA WPs (2)

WP3 CAP/BUILD

- Management of the visiting scientist scheme

- Publish didactive material

WP4 MODEL

- WP fora on dedicated themes related to the design of the forecasting system

- Modelling pack

- Exchange experiences

- Demonstrate products

Links to MAMA WPs (3)

WP5 NET

- Support to Net-MedGOOS and MeDir

- Virtual ocean centre with access to data bank in delayed and NRT mode

WP7 AWARE

- Project promotion and publicity

- Awareness on MedGOOS

- Link to users

- Tools for national awareness meetings

Links to MAMA WPs (4)

WP8 DISS&PROD

- Link to CEROSPIG

- Link/host other products

(merged data sets; graphic user interface)

Partner Pages

- **Window on national activities**

- **Promote national awareness**

- **Special announcements**

- **Share experiences**

- **Progress reports**

WP sections

- Fora on dedicated themes

- Preparation of meetings

- Special announcements

- Exchange of ideas, reports, etc.
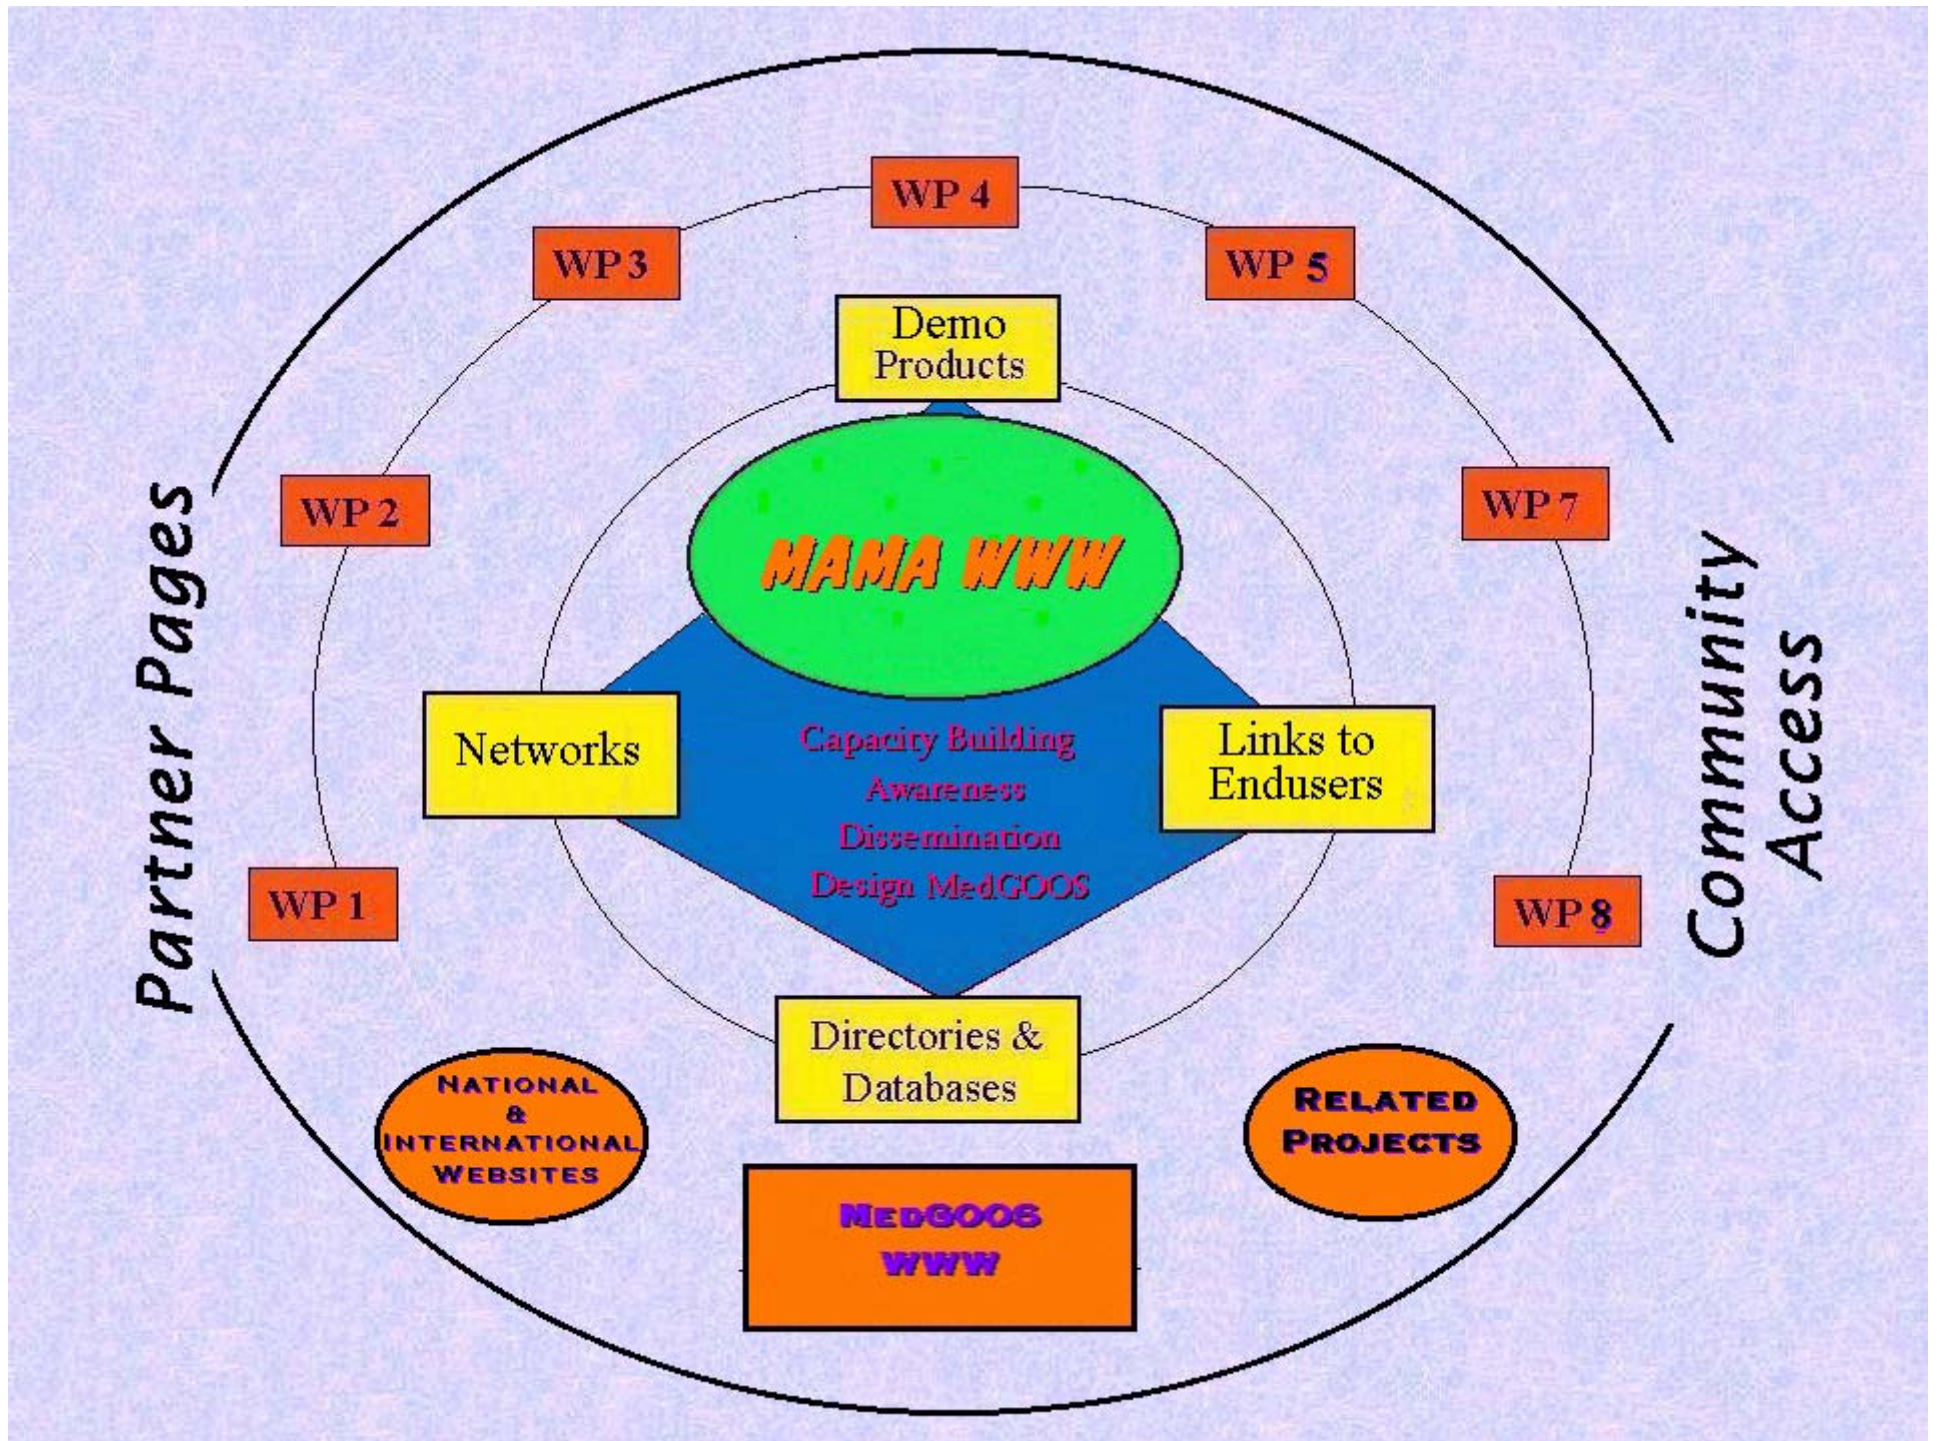

- Management / Progress reports

- Window for products

Architecture of the MAMA website (1)

- State-of-the-art WWW

- Distributed website

- Shared and dynamic content management system

- Self-sustaining with little maintenance after development

- Compatible to future trends

- Continued development during project phases

- Operate beyond the project duration

Architecture of the MAMA website (2)

- Central WWW + links to external elements

- Multiple author environment with a dynamic content management system

- Community portal to partners

- Public services including subscription / access by end-users

- Duration beyond the project

Maintenance of the MAMA website (1)

- IFREMER is responsible for the general development and maintenance

- IFREMER is the main webmaster

- IMC is the chief editor
(general control on the content)

-IFREMER and MedGOOS Secretariat are co-editors (general viewing/adding of content; real-time publishing)

Maintenance of the MAMA website (2)

- WP leaders editors of WP sections

allow full access but restricted input from WP partners;

services to WP partners

- MAMA focal points editors of national pages

full access to MAMA partners;

limited access to general public;

allow subscription to services

Targets of the meeting

- General design of the website

- Resolve technical details (software/applications/system)

- Design WP section template/structure

-Design National page template/structure

-General plan and schedule of work
main elements of MAMA WWW on line by next general meeting
describe website facilities and services at next MAMA meeting
