

MAMA - WP3

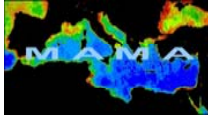

**Silvana Vallerga, MAMA co-ordinator
Chairperson of I-GOOS and MedGOOS**

Capacity building on....

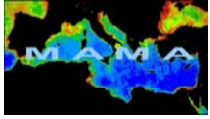

- **know-how for the deployment, calibration and maintenance of operational observing platforms**
- **management and transmission of operational data/meta-data**
- **access to data including satellites data**
- **numerical modelling and data assimilation**
- **other.....**

hosting centres....

- (**IMC, Italy** **CNR- S2AM, Italy**
IOI-MOC, Malta **CNR- ISDGM, Italy**
UniBo, Grecia **IFREMER, France**
NCMR, Grecia **ANPA, Italy**
ENEA, Italy **ICM/CSIC, Spain**

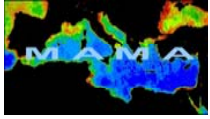

hosting centres offers....

(**ICM/CSIC, Spain**

***Use of remote sensing products recorded
by a local receiving station or obtained in
NRT from an external server***

Med
GOOS
Mediterranean Global Ocean Observing System

hosting centres offers....

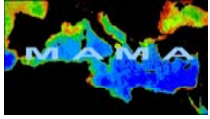

(**NCMR, Greece - Course A**

Technical know-how for deployment, running, calibration and maintenance of an operational ocean observing system based on buoys

Transmission of data in Near Real Time

Med
GOOS
Mediterranean Global Ocean Observing System

Matching

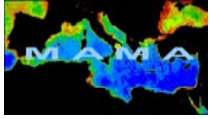

(**Uni-Bo, Italy, offer**

Develop a method to link MFSP model parameters with MARS model parameters

Trainee: Valérie Garnier, IFREMER

Mediterranean Global Ocean Observing System

hosting centres offers....

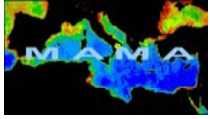

(**NCMR, Greece - Course B**

Near Real Time Data management

Operational numerical forecasting

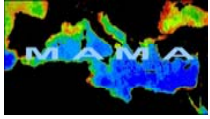

hosting centres offers....

(**IMC, Italy**

***methodology for the assessment of
bioindicators***

Med
GOOS
Mediterranean Global Ocean Observing System

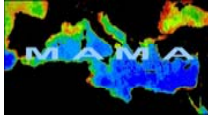

hosting centres offers....

(**CNR-S2AM, Italy**

*participation to an oceanographic cruise for
the deployment of an oceanographic buoy,
preparation, testing, deployment*

Med
GOOS
Mediterranean Global Ocean Observing System

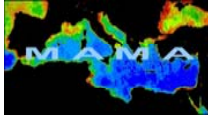

hosting centres offers....

(**ANPA, Italy - 2/3 trainees**

***HQ - General overview of programs,
legislation, data collection ..***

***Regional Agencies - sampling at sea, lab.
analysis, data processing***

IFREMER offers....

(**SISMER, Brest**

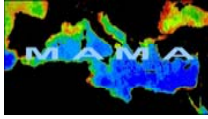

Operational oceanography data management

DEL/TL, Toulon

Day to day work of the monitoring network

TMSI, Plouzanè

Day to day participation to technological development for operational instrumentation

Requests....

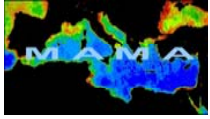

(**Vladimir ISMER, Brest**
Operational oceanography data management

DEL/TL, Toulon

Day to day work of the monitoring network

TMSI, Plouzanè

Day to day participation to technological development for operational instrumentation

Capacity building board....

IMC- Silvana Vallerga

ANPA - Maria Dalla Costa, Gianna Casazza,

CNR-ISDGM -Georg Umgiesser

CNR-S2AM - Angelo Perilli

CSISC-ICM - Jordi Font

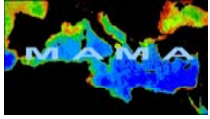

ENEA - Giuseppe Manzella

IFREMER - Guy Herrouin

IOI-MOB - Aldo Drago

NCMR - Kostas Nittis

UNI-BO - Marco Zavatarelli

Tasks.....

- **plan visits according to the priorities set by Partners, in consultation with the Advisory Board**
- **select candidates indicated by Partners, in consultation with the Advisory Board**
