MAMA
WP6 - WWW

IFREMER coordinator
Responsible Contact: Guy.Herrouin@ifremer.fr

Kick-Off Meeting
UNESCO/IOC, Paris, 11-12 March 2002

1

OBJECTIVES

- Provide a reference point for MAMA
- Provide a tool to harmonise activities
- Enhance exchanges between institutions in different countries
- Increase the visibility of operational programmes and products in the Mediterranean

Information to provide to project partners and EC

➢ Description of work for the contract

⇨ Work schedules and logistic informations

⇨ Updates on deliverable, news and project reports

⇨ A forum for scientific exchange and discussion

⇨ Data inventories and data handling guidelines
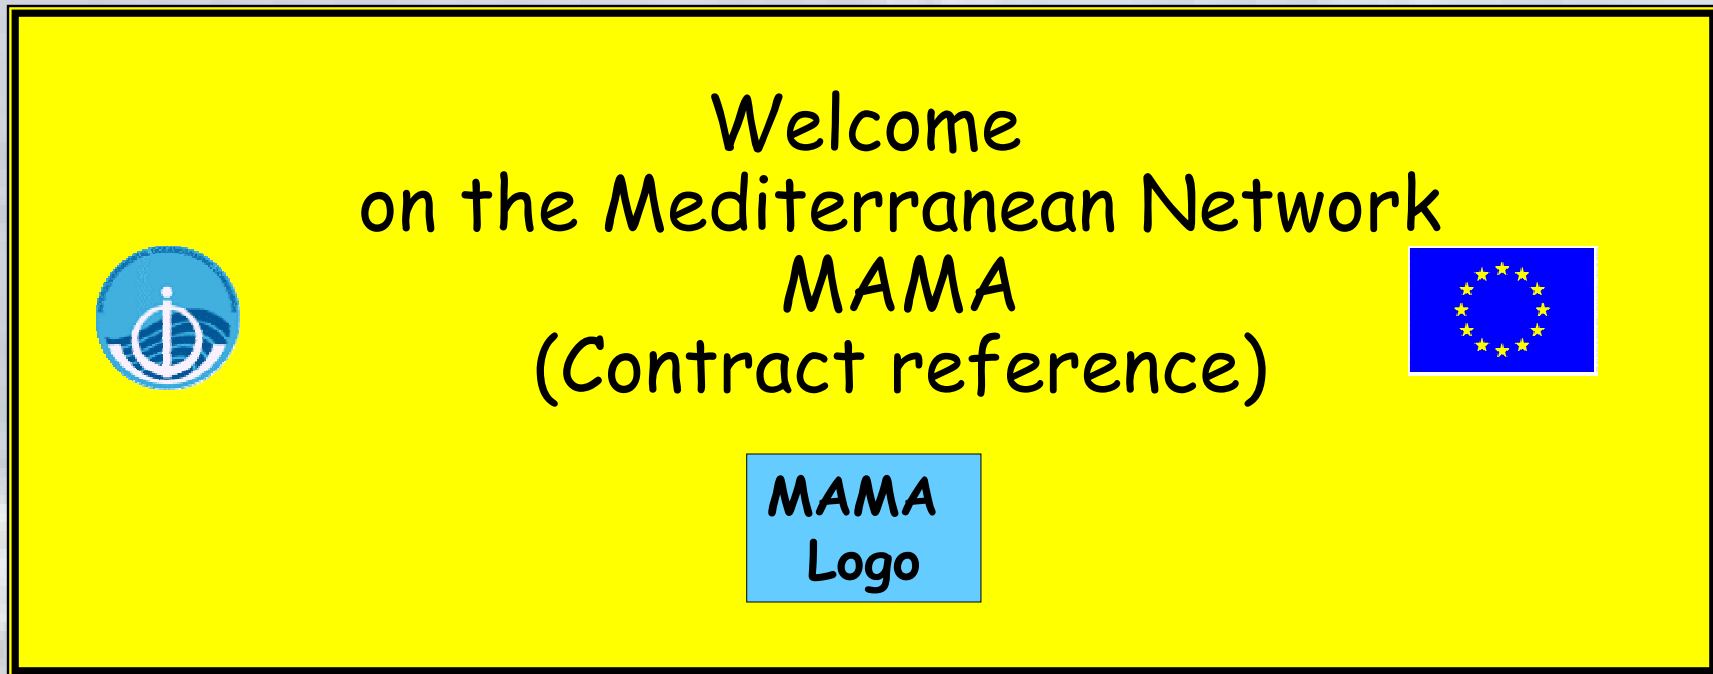

⇨ Issues regarding dissemination of results

3

TASKS

Task 6.1: Establish the MAMA WWW

   IFREMER (2)+ IMC (3) + ENEA(2)+ IOI-MOC(5)

Task 6.2: Establish the MeDir directory on operational observerving and forecasting activity in the Mediterranean
  IOC

Establish MAMA WWW

❑ Home page and logo design

Welcome
on the Mediterranean Network
MAMA
(Contract reference)

MAMA
Logo

❑ Architecture and Content
❑ Management of Security and safeguarding

Architecture and Content Overview

❑Project

❑Partnership

❑Monitoring Systems

❑MeDir

❑Forum

❑Documents and products

❑Links

Architecture and Content 1. Project Information

❑ Project Summary
  Open access
❑ News and Meetings
  ➢ Kick-Off
  ➢ First Annual Workshop
❑ Partners restricted pages
  ➢ Technical annex
  ➢ Reports
  ➢ ftp server with password

Architecture and Content
2. Partnership

❑Projet partners
institutes names, PI, adresses, email,
tel, fax

❑EC representative

❑Advisers coordinates

Architecture and Content
3. Monitoring Systems Capacities

❑ National Infrastructures and Capabilities – WP1

❑ Observing System – WP2

❑ Capacity Building – WP3

❑ Modelisation Capacities – WP4

❑ Data and Information Network – WP5

  ➢ Link to the Mediterranean Data and Information network including existing Mediterranean Databases (MEDAR/MEDATLAS, COASTBASE, ..(NCMR)

  ➢ Link to existing relevant standards, formats, indexes (IFREMER)

❑ Awareness Programme – WP7

Architecture and Content
4. MeDir
http://ioc2.unesco.org/medir

MeDir is a subset of GLODIR that contains detailed information on individuals:

- ❑ Surname (+Firstname); Job Title, Job Type ;
- ❑ Organization; Organization's Acronym, Department, Organization Type
- ❑ Address, City, State, Country, Phone, fax, email, URL
- ❑ Description of your activities (keywords); Environment (marine, freshwater, brackishwater, Geographic area..)
- ❑ Subject Descriptors (grouping of professionals into subject areas)
- ❑ Citations of your most important and/or most recent papers

Update or report your entry:
- ❑ Adra1@um.edu.mt or fax: +356 2124 1177

10

Architecture and Content
5. Forum

❑ Open space for discussion

Architecture and Content
6. Documents and products

- ➢ Project documents
  - Electronic copy of brochures, ppt presentations
  - Poster
  - Presentations to symposia, papers etc..
- ➢ Links to existing reference documents published by other projects or international authorities
- ➢ Links to downloadable software for data processing: NetCdf, ODV, QCmedar, IOC kit ..

Architecture and Content
7. Links

❑ GOOS Links
- ➢ National GOOS Committees
- ➢ GOOS
- ➢ EUROGOOS
- ➢ MEDGOOS
- ➢ BLACKSEA GOOS

❑International & Intergovermental Agencies
- ➢IOC
- ➢JCOMM
- ➢UNEP-MAP
- ➢MEDPOL

❑ Operational Projects
- ➢ MFSTEP
- ➢ CEROSPIG
- ➢ EDIOS

13

Management of Safeguarding and Security

- ❑ Automatic Backup of the WWW site by IFREMER computer service
- ❑ Security
  - ➢ Reading
    - ▪ Restricted Project pages password requested
    - ▪ Other pages no restriction
  - ➢ Writing
    - ▪ Forum pages to be opened to public
    - ▪ ftp to partners only (password)
    - ▪ Updates transferred to Webmaster for the other pages
