

Joint MCST- NCSD Consultation

Investing in Scientific Research and Innovation for Sustainable Development

Date: Tuesday 27 July 2004

Time: 9.30-13.00hrs

Venue: Villa Bighi, Kalkara

This joint consultation with the science and technology community is aimed at encouraging a high-level quality discussion on how Scientific Research and Innovation investments can be more geared to support Malta's sustainable development strategy. The envisaged output of this consultation is a joint NCSD-MCST position and a report with recommendations on measures to promote research and innovation in support of sustainable development. The consultation will be held in Maltese but participants will be free to speak in either Maltese or English.
